| Site Description    | Site is a former nursery site on the north side of Heath Road. Site appears to contain a number of dilapidated buildings and a pond in the northern section of the site. Site is screened to the south by trees fronting onto Heath Road. There is an existing access within the centre of the frontage.   |                     |     |                    |                        |
| Surrounding<br>Uses | Scrubland to the east till Dean Street. To the west is a linear form of development facing on to Heath Road, open land to the north and Heath Road to the south.   |                     |     |                    |                        |
| Planning History    | 1973 Refused bungalow. 1976 Refused additional retail outlets. Refused bungalow/garage. 1977 Refused retail sales. 1979 Refused temporary residential caravan. Refused bungalow and garage. 1981 Refused bungalow/garage. 1982 Refused bungalow/garage. 1985 Refused removal of existing and erection of dwelling. 1986 Refused extinguishment of existing and erection of dwelling. 1989 Refused change of use to dwelling. 1990 Approval for extension. – Refused demolition of existing and erection of light industrial units. 1993 Refused enlargement of pond. 1994 Approval for demolition of garage and erection of replacement. Refused two dwelling with garages. 2002 Approval of extension to pond. 2003 Refused change of use to residential and erection of bungalow with garage. 2005 Refused bungalow with garage. Approval of B1/B8 use. Refused demolition and erection of dwelling. 2010 Refused B1/B8 to residential. Approval discharge conditions (B1/B8 use). | Scale 1:2,000       |     |                    |                        |

|  | S  | SUITABILITY   |  |
|--|--|---|--|
|  | Issue/ Constraint  | Mitigation Required   | Impact on developable land area/capacity/site suitability  |
| Access to Highway<br>Network                     | Existing access viable, with improvements.   | Access point would need modelling to confirm visibility splays and, potentially, cutback of vegetation at the access point. | None. Site recommended as suitable on access grounds at this stage.  |
| Access to Public<br>Transportation &<br>Services | Bus stops in proximity, but too infrequent. No GP, Primary School or convenience store within 800m. Approximately1200 meters from Coxheath central, but no / limited safe walking route. Approximately40 minutes public transport time to Maidstone town centre, but approximately 1 hour to the Hospital. | Increased bus service regularity and safe pedestrian connections (pavements) access to them.                                | Required mitigation measures are unfeasible for this site in isolation, however nearby clustered sites could potentially provide sufficient massing and the bus route could feasibly be extended towards this cluster of sites without great difficulty, if a turning point within the sites was provided. Linking sites are 040, 084, 163 & 257. Recommended as suitable on sustainability grounds at this stage, dependant on mitigation being achieved with adjacent sites. |

## Planning History

1977 – Approved extension to training ground and camping site. 1991 – Approved construction of steel abseil/climbing tower. 2002 – Approved conversion of farm building to B1 use. 2003 – Approved conversion of farm building to B1 use. Approved conversion of farm building to B1 (submission of details). Approved conversion of farm building to B1 (submission of details). 2006 – Approved change of use from B1 to equestrian use. 2011 – Refused removal of existing mobile home and erection of replacement permanent dwelling. 2014 – Refused removal of existing mobile home and erection of a dwelling. 2015 – Refused erection of two storey detached dwelling following removal of existing mobile home. 2016 – Approved retrospective application retention of existing mobile home. 2017 – Approved removal of existing mobile home and erection of detached dwelling. 2019 – Approved erection of detached garage.

**SUITABILITY** 

|  | Issue/ Constraint   | Mitigation Required  | Impact on developable land area/capacity/sit suitability  |
|--|---|--|---|
| Access to Highway<br>Network                     | Site has sufficient frontage to provide access.   | None   | None. Site recommended as suitable on access grounds at this stage.   |
| Access to Public<br>Transportation &<br>Services | No bus stops within 400m. No GP, School or convenience store within 800m. Shops are within 1200 meters, but this is an approximately 15 minute walk with no pavements and limited street lighting.  Approximately 30 minutes public transport time to town centre and just under an hour to the hospital. | New bus stops, with a bus diversion or new route desirable, but not a requirement at this stage of consideration due to the public transport journey times to key services. New pavements and crossing facilities required however, requiring 3rd party land, or in collaboration with Site 202. | The required mitigation is feasible on the condition that it can be delivered in collaboration with proposed site 202. If site 202 were to not proceed, then this site would not be suitable. Site recommended as suitable on sustainability grounds at this stage. |

| Site Description | Site is currently a mixture of orchards, a van hire business, and grassland fields. The site bounds Stockett & Forstal Lanes to the west and south respectively, and lies on the northern boundary of Coxheath.       |                     |      |                        |               |  |  |
| Surrounding Uses | Land to the east and north of the site is in a similar mix of grassland/<br>trees and van parking as the site. There are semi detached residences<br>to the south. There is a detached house, and a farm to the west. |                     |      |                        |               |  |  |

## Planning History

2003 - Approved Retrospective application for the retention of trackway. 2004 - Approved retrospective application for the regularisation of farm access and creation of access track. Refused change of use of agricultural land to equestrian use. 2005 – Refused change of use of land to gipsy site with one mobile home and one touring caravan. 2006 - Refused retrospective application for the change of use of land to the stationing of 5 no static caravans temporarily. 2006 - Approved construction of a 'wheel track drive'. 2007 - Refused change of use of land to store three static caravans. 2016 -Approved change of use of land from agriculture (orchard and open grassland) to tourism use for camping and caravanning. 2017 – Refused change of use of land for permanent stationing of Gypsy caravan for Residential purpose, storage of a touring caravan with creating of new access lane. 2019 - Refused part retrospective and part proposed application for the material change of use of land to allow the stationing of two residential caravans and the storage of one touring caravan for travellers family.

| Landscape<br>Character  | The Landscape Character Assessment identifies that the site is within the Yalding Farmlands landscape  |  | -   |
| Local Nature Reserves Local Wildlife Sites Special Area of Conservation Ecology (including ponds) Hedgerows | Ecology Score:4 KCC Ecology comments - Part of a large arable field with mature hedgerows along the northern and western boundary. Hedgerows provide some connectivity through the area. May have some potential to be used by protected species - including ground nesting birds and breeding birds | Mitigation requirements will be dependent on the results of any surveys. Likely that mitigation, if required, can be implemented onsite if presence of protected species considered at design stage.  Retention and enhancement of site boundaries will retain and enhance connectivity to the wider area. | -   |

| Site Description | The site is a grass field located along Dean Street, just north of the junction with Heath Road. The site is bounded by hedgerow on the side fronting Dean street, where there is an overgrown gate that may have once provided access to the site. Currently the site is accessed via the adjacent driveway of 'Horseshoes' residential property. |
|------------------|--|
| Surrounding Uses | Agricultural/ greenfield land surround the site, with a small number of residential properties to the north east, running linear along Dean Street. The larger rural village of Coxheath is within reasonable walking distance.  |
| Planning History | 1974 – Refused 2 detached dwellings to replace two caravans  |

|  | SUITABILITY   |  |  |  |  |
|--|---|--|--|--|--|
| I  | ssue/ Constraint  | Mitigation Required  | Impact on developable land area/capacity/site suitability  |  |  |
| Access to Highway<br>Network                     | Access achievable with site frontage.   | Provision of suitable access point.  | None   |  |  |
| Access to Public<br>Transportation &<br>Services | Bus stops in proximity, but too infrequent. NoGP, Primary School or convenience store within 800m. more than 30 minutes public transport time to Maidstone town centre and over an hour to the Hospital.  | Increased bus service frequency and provision of a bus shelter or post, with pavement access, at the bus stop on the west side of gallants lane. | Required mitigation measures are unfeasible for this site in isolation, however nearby clustered sites could potentially provide sufficient massing and the bus route could feasibly be extended towards this cluster of sites without great difficulty, if a turning point within the sites was provided. Linking sites are 005, 040, 163 & 257. recommended as suitable on sustainability grounds at this stage, dependant on mitigation being achieved with adjacent sites. |  |  |

| Site Description | Mix of arable and grazing fields bounding Straw Mill Hill/Stockett<br>Lane to the east and Dean Street to the west. Land generally level<br>but rising to the south.  |                                      |      | and t                      |                  |
| Surrounding Uses | Various extant planning permissions for residential to north; fields to the west, south, and east. Group of houses at Abbey Gate Farm to the southeast.   |                                      |      |                            |                  |
| Planning History | 1976 - Approved conversion of oasthouse and barn into dwelling. 1983 - Approved change of use of part to conversion of waste paper. 1987 – Approved industrial wastepaper processing building with ancillary office and weighbridge office. Approved change of use of grazing land to Hockey and Cricket pitches with access and car parking. Approved Clubhouse. 1989 - Approved listed building consent for erection of conservatory and pool house. Approved conservatory and pool house. 1992 – Approved demolition of Bicycle shed, store, house, Mill Pond, and Chimney. Approved reclamation proposals. Refused demolition of bicycle shed coal/oil store old ashless room, Machine House, the Mill Pond and Chimney. Demolition and replacement of post war buildings. Provision of car parking. 1993-Approved Erection of five poly tunnels. Approved Erection of green house and poly tunnel. Approved Two storey side extension. Approved Change of use of east half of agricultural building to studio (B1). 1994 - Approved Change of use to business general industrial and storage uses (B1 and B2). | 0 0.099<br>kilometes<br>scale 16.600 |      |                            |                  |

1995 - Approved Retrospective Application for erection of single storey rear extension, 1999 - Approved erection of light industrial workshop with access, parking and landscaping (phase 1). Approved insertion of rooflights in the east facing roof slope. 2000 - Refused Conversion of Mill to 11 residential units & 12 new build. 2001 -Approved construction of access ramp and doorway to enable disabled access. Approved conversion of mill to 11 no. residential units, demolition of additions and re-open entrance, 2002 - Approved change of use of land and construction of private tennis court, 2004- Refused listed building consent for conversion of main mill building. Demolition and conversion canteen, beater room, rag boiling room, broke store, raw material store. Refused conversion and partial demolition of existing buildings to form 43 residential. 2005 – Approved listed building consent for conversion of Mill to residential unit incorporating alterations and demolition. Approved outline application for the erection of dwellings with associated access. 2006 - Approved improvement of existing access and provision of a new roundabout for access. Approved listed building consent to rebuild boiler house on Hayle Mill Development, involving demolition of structures. Approved erection of a bin store, sub-station and entrance gates to service the restoration and conversion. Approved erection of a bin store, sub-station and entrance gates to service the restoration and conversion. Approved rebuild of boiler house in the Hayle Mill necessitating demolishing, 2007- Approved erection of a single storey, part two storey. Refused erection of a two-storey side extension. Approved removal of one aerial and replacement with one aerial type Jaybeam attached to fixed telecommunication mask. 2008 – Approved application for listed building consent for conversion of outbuilding from office and storage to residential. Approved conversion of existing outbuilding from office and storage use to additional living and replacement single garage erection. Approved outline application for the erection of dwellings with associated access with provision for community facilities and open spaces. Approved outline application for the erection of dwellings with associated access with provision for community facilities and open spaces, 2009 - Approved creation of an overflow car park using a cellular reinforced grass system, 2012 - Approved erection of a 1.8m fence with access gates, 2014 - Approved additional car parking. provision of bin Store, Improvements to pedestrian footpath and lightening. 2015 - Approved erection of single storey extension and alterations. Approved erection of single storey extension and alterations. 2016 - Approved outline planning application for the erection of up to 108 dwellings. 2019 - Approved improvement of existing access with a newroundabout.

| Trees                       |  |  |   |
| Heritage                    | Abbey Gate Place is a grade II* listed farmhouse (1086289) and farmstead grouping – the historic buildings around the farmhouse are likely to be curtilage listed.  Dean Farmhouse (1086368) and barn (1336184), both Grade II listed, are a historic farmstead group with a historic setting extending into the site.  Loose Valley CA adjoins to the east but the site area has a different character from the wooded valley and historic mill use around Hayle Mill Road.  Development could probably avoid any harm to the CA. | Development would need to have due regard to the setting of the listed farm buildings and if their historically rural settings were diminished this might cause harm   | 20% deduction from the site's developable area. |
| Archaeology                 | potential for multiperiod remains especially associated with Roman and later activity. Roman remains were found in quarrying to the north; Abbey Gate Farm is a 15th century farm complex and includes two designated buildings and several other historic buildings, with potential for medieval and later agrarian heritage remains  | Archaeological DBA needed to clarify nature of quarrying across the site with some areas containing potential for early prehistoric and modern industrial remains. Non-quarried areas need to be subject to possible fieldwork predetermination subject to findings of Archaeological DBA. | -   |

| Site Description | Site is the northern half an arable field south of Heath Rd to the south of Coxheath.   |                     |     |                    |                                 |  |
| Surrounding Uses | There is residential ribbon development on Heath Rd to the north of the site, with open fields beyond. To the south is the continuation of the arable field that the site sits within. There is a small pocket of residential and the A229 to the east, and agricultural land beyond a track to the west. |                     |     |                    |                                 |  |

## Planning History

1969 – Approved erection of garage, conservatory and greenhouse. 1976 – Approved erection of garage. 1977 – Approved two storey side extension with garage. 1978 – Approved extension to dwelling. Approved erection of replacement garage. 1980 – Approved extension to provide two bedrooms, utility room and lounge. Approved artist's studio extension. 1986 – Approved two storey extension and single storey extension. 1992 – Approved change of current shop use to B1 office use. 1993 – Approved erection of replacement workshop. 1999 – Approved first floor extension. Approved erection of extension, porch and room in roof. 2000 – Approved retrospective application for erection of polytunnels. Approved single storey extension. 2002 – Approved erection of rear conservatory.

2004 – Approved retrospective application for extension. Approved alterations to garden studio building and erection of a balcony. Approved demolition of concrete garage and erection of new garage. Refused erection of extension. 2005 – Approved erection of extension. Approved erection of single storey extension. 2007 – Refused two storey extension. Approved two storey extension. Approved single storey extension. 2008 - Approved alterations to roof for additional accommodation. Refused erection of one detached dwelling with garage and car port. Approved erection of single storey building ancillary to dwelling. 2011 – Approved erection of extension with Juliet balcony. Approved erection of single storey extension and detached garage. Approved erection of single storey extension. 2013 – Approved erection of single storey extension and erection of garage. 2018 – Approved erection of new doctors surgery

| Site Description | Site consists of orchards with public footpaths. The site slopes down from south to north. There are tall hedgerows to Heath Road to the south, and low hedges and post and mesh fencing to north east.   | 57 2                        |                       | THE WAY            |                         |
| Surrounding Uses | There is residential use to the west of the southern portion of the site. Predominantly the site is otherwise surrounded by agricultural/ grassland/ orchards, with the exception of a small pocket of residences on the northeastern boundary.   |                             |                       |                    |                         |
| Planning History | 2001 – Approved demolition of existing dwelling and erection of replacement dwelling. 2002 – Refused use of land for shop for sale of imported produce. 2003 – Approved change of use of outbuilding to residential annexe. 2004 – Approved demolition of existing dwelling and erection of replacement dwelling. Change of use of residential annexe to separate single family dwelling. 2008 – Approved erection of detached garage. 2015 – Approved retrospective application for change of use of part of orchard to a storage yard. Approved erection of 110 dwellings. 2018 – Approved outline application for residential development for up to 210 dwellings. | kilometres<br>Scale 1:5,207 |                       |                    |                         |
